

For a comprehensive voucher business

Your guests redeem their vouchers to their hearts' desire, with all members – and all without any administrative expense to you. The e-guma organisational solution is the right choice for organisations

and associations with multiple redemption locations. Add new members to the voucher system in an instant and integrate them into the e-guma billing procedure.

Convenient online shop

Sell vouchers online: directly on your website, via your own mobile-optimised online shop, with print@home.

Clever voucher administration

Access to every voucher order, any time, anywhere, thanks to comprehensive voucher administration. Simple processes and clever reports minimise your effort.

Flexible voucher redemption

Members redeem vouchers with their login or using the Voucher App – securely, quickly and simply.

Simple billing

Your member companies automatically receive their personal bill by email. Payment can be made with the deduction of a commission.

We help you to analyse your business processes and offer appropriate solution. We look forward to receiving your call or message.

Achieving greater success with less effort

Organisations and associations such as Luzern Tourismus, Swiss Historic Hotels or Best of Swiss Gastro all have one thing in common: They enjoy the benefits of a digital voucher process. They strengthen their brand reputation, their online presence,

the satisfaction of their members and, incidentally, they also acquire new customers. In brief: they all sell, manage and market their vouchers successfully using the e-guma voucher system organisational solution.

Tourism organisations

Cultural associations

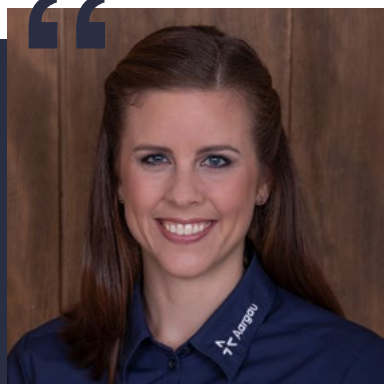

Food cooperatives

Commercial cooperatives

Hotel associations

With e-guma, we were able to professionally and successfully implement our canton-wide voucher promotion within the shortest period of time. We were surprised afresh on a daily basis by everything that e-guma can do.

Romana Wüthrich, Aargau Tourismus AG
